### **Manna to Give Away Flat Screen TV**

MENDOTA HEIGHTS—Manna Distribution Services, the leader in high speed, white glove home delivery, is giving away a flat screen TV at the upcoming Casual Furnishings and Accessories Market next month. Simply stop by booth number 8-1079 at the Chicago trade show and register for the drawing. The 42-in. Toshiba LCD flat screen will be shipped directly to the drawing winner following the show.

While the Minnesota-based company has focused on growing its home delivery brand for many years, this is Manna's first year exhibiting at the Casual Market. "We see some good opportunities for mutual benefit in this industry as retailers and manufacturers reconfigure their traditional operating models," says Robert Masters, Manna's SVP.

"We look forward to the conversation about how high speed transportation can lower inventory carrying costs and improve cash flow, among other bonuses," Masters says.

The Casual Furnishings and Accessories Market is Sept. 21-24 at the Chicago Merchandise Mart. For more information about Manna's high speed, white glove home delivery call 888-201-3232 x 2145 or email [info@manna.com](mailto:info@manna.com).
